## GYMNASIUM AND MULTIPURPOSE

## VINYLSPORT

Vinylsport is a prefabricated multilayer PVC sports surface that is ideal for indoor multipurpose areas and sports such as badminton, volleyball and basketball.

# VINYLSPORT

## SPECIFICATIONS

Texture: Embossed matte  
 Thickness: 9/32" (7 mm)\*  
 Roll Width: 5' 10" (1.80 m)  
 Roll Length: 65' 7" (20 m)

## COLORS

## MULTILAYER STRUCTURE

Vinylsport combines the biomechanical performance of prefabricated multilayer PVC and resilient athletic flooring in one surface.

The multiple layers consist of:

- A. Embossed high density wear resistant vinyl layer
- B. High density compression resistant vinyl layer
- C. Fiberglass-reinforced foam layer
- D. Dual density foam layer
- E. Anti-slip backing

## WEAR RESISTANT VINYL LAYER

- Minimizes risk of friction burns from falls
- Matte finish prevents glare from artificial lighting
- Wear layer provides optimal traction and coefficient of friction for comfortable play

## FIBERGLASS-REINFORCED FOAM LAYER

- Consistent ball bounce
- Gives athletes proper foot support and stability by generating proper force reduction

## DUAL DENSITY FOAM LAYER

- Provides optimal shock absorption and energy return

## KEY BENEFITS

- Multilayer construction

## HEALTH AND SAFETY

- Fire resistant
- Good fungal resistance
